

COMPANY PROFILE

VOLTEAM ENGINEERING LIMITED

OUR SERVICES:

1. Engineering, Procurement And Construction Of New Power Projects (Lines and Substations).
2. Engineering, Procurement and Construction of Solar and Other Non- Conventional Projects.
3. Maintenance, Repairs, Servicing And Rehabilitation of Existing Substations And Lines To Ensure Optimal Performance.
4. General Procurement And Supply of Power Equipments Up To 330kv Voltage Level.
5. Installation/commissioning of Power Equipments And Protection Scheme.
6. Installation Of industrial & Processing Machines.
7. Control & Protection Of Low, Medium And High Voltage Power.
8. Distribution Panels & Motor Control Centre.
9. Consulting & Outsourcing Of Engineers & Technicians.

MANAGEMENT TEAM

NAMES	DESIGNATION
1. Alhaji Muhamad Haruna	Chairman
2. Engr. A. Bamidele	CEO
3. Engr. B.L. Adeola	Managing Director
4. Engr. Dada Abiodun	Project Manager
5. O.S. Ademuyiwa	Senior Technical Manager
6. Engr. A.L Adelekan	Engineering Manager
7. J.K. Olaitan	Operations Manager
8. O.O. Olusegun	Commercial Manager
9. Engr. Silvia Idakwo	Energy Project Manager
10. Engr. A.H Adepeju	Senior Civil Engineer
11. Dr. K.M. Akande	Accountant
12. G.S. Ogedengbe	Company Secretary

KEY TECHNICAL STAFF OF VOLTEAM ENGINEERING LIMITED

1. Engr.A. Bamidele: CEO

He is a COREN registered electrical engineer, a member of Nigeria Society of Engineers (NSE) and a member of Nigeria Institution of Safety Engineers (NISafety). He has worked in the power sector as operations manager and also as protection, control and metering engineer for several years. He also took part in the production process of low, medium and high voltage equipment for electrical utilities companies and original equipment manufacturers at Polycast International. He has executed and delivered several high and medium voltage substations and lines projects.

2. Engr. B.L. Adeola: Managing Director

He is a graduate of Electrical/Electronics Engineering from Federal University, Oye, Ekiti State, Nigeria. He has worked as an Electrical Engineering Personnel and then as a Project Manager in Dynamic Power Construction Company Limited. He has successfully executed several power projects.

3. Engr. Dada Abiodun: Project Manager

He is a COREN registered electrical engineer, a graduate of Electrical/Electronics Engineering from the university of Ilorin, Kwara state, Nigeria. He has worked in the power industry as project manager and also as protection and control engineer for several years. He has executed and delivered several high/medium voltage substations and lines projects.

4. O.S. Ademuyiwa: Senior Technical Manager

He is a seasoned professional with over 35years of experience in the power industry. He worked as electrical supervisor in Idowu Construction Company after which he moved to National Electrical Power Authority (New Transmission Company of Nigeria). He retired as a manager in Electrical Maintenance Department in Department of the Transmission Company of Nigeria (TCN). He has attended both local and international trainings during his active years in the Transmission Company of Nigeria (TCN).

KEY TECHNICAL STAFF OF VOLTEAM ENGINEERING LIMITED

5. Engr. A.L Adelekan: Engineering Manager

He is a graduate of Electrical Power Engineering From the Federal Polytechnic, Ado-Ekiti. He work with Eko Electricity Distribution Company Plc. as Protection, testing and commissioning Engineer and also SCADA expert. He also worked at Eko Utilities Nigeria Limited (Eko Atlantic City). He is a substation electrical engineer and a consultant to various several other companies in the power sector into production and manufacturing in Nigeria and abroad. He was also trained by National Centre for Technology Management (NACETEM).

6. J.K Olaitan: Operations Manager

He is a graduate of Higher Dilploma in Electrical/Electronics Engineering from Federal Polytechnic Offa, Kwara State Nigeria. He has been working as an electrical field personnel. He has successfully executed substations 33kv and 11kv lines projects.

7. Engr. Silvia Idakwo: Energy Project Manager

She is a graduate of Chemical Engineering from the Federal University of Technology, Minna. She has over 10years experience. She has M.Tech in Renewable Energy Technology and Management from Indian Institute of Technology, Delhi. She is also a certified master trainer, Solar Energy, India. She is a COREN certified and a member of Nigeria Society of Engineers, National Society of Black Engineers and International Association of Engineers. She has been among them on several solar installation projects both in Nigeria and India.

KEY TECHNICAL STAFF OF VOLTEAM ENGINEERING LIMITED

8. Engr. A.H Adepeju: Senior Civil Engineer

She is a dedicated, committed and professional civil engineer with over 8 years experience in managing supply chain, structures and construction with a strong orientation in project management. Her experience in those field has given her Ability to solve complex challenges and provide solutions. She is an Msc holder in civil engineering and a registered engineer with the Council for the Regulation of Engineering in Nigeria(COREN). She is also a member of Nigeria Society of Engineers (NSE), Nigeria Institution of Civil Engineers and Nigeria Institution of Safety Engineers. She has executed many civil engineering projects successfully.

9. Oyeniyi Sodiql Abiola: Project Engineer

He is a graduate of Electrical/Electroic Engineering from the Federal University of Technology, Minna, Niger State. He has experience in operation, maintenance, process and overhauling from two multinational company. He has successfully execute several projects.

KEY PROJECTS UNDERTAKEN BY VOLTEAM ENGINEERING LIMITED

- 1. Procurement of Operation and Maintenance Materials.**
- 2. Rehabilitation of Transformers and Commissioning back to work.**
- 3. Testing of 200kVA, 11/0.415kv transformer at plot 2 Mary Bassey, Victoria Island, Lagos.**
- 4. Repairs of 1.6MVA, 10.5/0.4kv transformer for Maabi's Engineering Limited.**
- 5. Coupling and Wiring of 15Nos, of 11kv indoor switchgears for Grid Engineering Services Limited.**
- 6. Wiring and Testing of 2x10MVA, 33/11kv transformers and its associated equipment for Grid Engineering Services Limited.**
- 7. Installation, Testing and Commissioning of 1x750kVA, 11/0.415kv transformer for OATH Electrical Engineering Limited at Olivia Court, Adesegun Okunuga Street, Lekki Phase 1, Lagos-Lekki Business District.**
- 8. Installation, Testing and Commissioning of 1x1MVA, 11/0.415kv transformer for OATH Electrical Engineering Limited at Scheme 1, Block 105, Area A, Hakeem Dickson Road Lekki Eti-Osa LGA, Lagos-Lekki Business District.**
- 9. Installation, Testing and Commissioning of 1No. 4-way 33kv RMU to replace Existing 3-way UBA/UBN 33kv RMU for Toyom Engineering Limited.**

PROJECT ACHIEVEMENT GALLERY

LIST OF EQUIPMENT AND TOOLS

1. 10 tonnes of Hiab lorry
2. 2 Pick-up vans.
3. 4Nos of Electrical tool boxes
4. 12Nos. of Hydraulic Crimping machine.
5. 8Nos of Gas Avometer - Multi-tester
6. 2Nos. of Earth Resistance Tester
7. 3Nos. of Digital Clamp-meter
8. Primary Injection Test Set.
9. Secondary Injection Test Set.
10. Transformer Turn Ratio Test Set.
11. 80KV D.C High Voltage Test Set.
12. Dielectric Oil Tester.
13. Low Resistance Ohmmeter
14. Phase Sequence Meter
15. Cable Identifier
16. 5,000V Digital Insulation Test Set.
17. 1,000V Digital Insulation Test Set.
